Curriculum Plan

In EYFS history is embedded throughout the year using real life experience of history and books. The language of then and now is used in all aspects of teaching and involvement in whole school local heritage project in the Summer Term.

In KS1 we teach history every term repeating the key objectives over two years to deepen understanding.

In KS2 we teach three history themes per key stage taken from the NC over two years. This ensures the key concepts are embedded and a balance of world and British history is taught that deepens understanding of the subject.
